

On February 3rd 2017, Bandcamp decided to donate all of its profits that day to the American Civil Liberties Union. This was in protest of President Donald Trump's executive order banning citizens and refugees from seven predominantly Muslim countries from entering the United States. In line with Bandcamp's efforts, we at Steady Grounds decided to release of compilation cataloguing our first year of shows (September 2015 - September 2016). Along with Bandcamp donating their profits to ACLU, donated half of our profits to Planned Parenthood and remainder of the money went towards funding future shows. The compilation included 16 tracks - all high quality live recordings from previous shows, with 2 exceptions being "premiered tracks" from artists under the Steady Grounds family.
